

# Health & Wellness Clinic

Forsite Benefits Health & Wellness Clinic is an easy way for you and your family to access many of the same services you would receive from your primary care provider, at a fraction of the cost.

## why use the clinic?

### IT'S CONVENIENT

- The clinic is open to all employees regardless of current insurance coverage.
- You can get in fast! Many times same, or next day appointments are available.

### IT'S COST EFFECTIVE

- Flat fees allow you to be clear on the cost of your visit.
- You can save up to 80-90% on common labs. Most Forsite labs are only \$15 per lab.

**Physician office visit: ~\$125+**  
**Forsite Clinic visit: \$35**

### IT'S CARE-CENTRIC

Experience a higher quality of care. Our full-time nurse practitioner is ready to take the time to truly listen, recommend and treat.

“I was able to get the labs I needed fast & found out I had high cholesterol all at an extremely affordable rate.” -
